## What is the Ohio & Erie Canalway Coalition?

The Ohio and Erie Canalway Coalition, a private, non-profit organization, was established in 1989 to develop the Ohio & Erie National Heritage Canalway.

The Ohio and Erie Canal stretches 110 miles from Cleveland to New Philadelphia, weaving through villages, croplands, landmarks and more. As a National Heritage Area, it represents the history along the canal and its contribution to the country's development.

The canal offers many recreational activities for area residents and those visiting, including bicycling, hiking, birding, horseback riding, fishing and canoeing. The Ohio and Erie Canalway Coalition, located in the historic Richard Howe House in Akron, also hosts many educational and recreational events throughout the year to engage the community.

As a member, your contribution will be used to further the development of this area for years to come.
