

CIVIC CHAMPIONS

Connecting residents and visitors to Summit Lake and Lock 3 by creating attractive parks, trails and public spaces that are accessible, equitable and welcoming to all

"Working in partnership with our neighborhood residents, we have the opportunity to co-create, co-design and co-steward legacy parks in the heart of our community."

— CITY OF AKRON MAYOR DAN HARRIGAN

The Central Park of Akron

As the central gathering place along the historic Ohio & Erie Canal in downtown Akron, Lock 3 is our premier outdoor concert and event facility, however, this public space does not function well as a park.

Through the integration of trees, garden spaces, a new skating area, artwork, and a world-class performance pavilion, Lock 3 will fulfill its vision as the Central Park of Akron.

"We are proud Akronites and believe this is our once-in-a-generation opportunity to create accessible, equitable and welcoming parks for all our Akron children, residents and visitors."

Resident-Led Destination for All

Located in the heart of the City of Akron and the center of the 101-mile Ohio & Erie Canalway National Heritage Area, Summit Lake has a history as diverse as the flora and fauna found in its waters and along its shores. From its early beginning as a glacial lake and its place in Akron's history as destination for fun at Summit Beach Park, Summit Lake has also been subjected to pollution and isolation. In fact, for hundreds of years, humans have used and abused Summit Lake, but this is our opportunity to write a new chapter.

By focusing on the needs of the neighborhood residents, Summit Lake Park will become a destination for relaxation with a bicycling and walking trail, a pavilion for family gatherings, shaded seating and swings, a canoe and kayak share, and a concession stand to enjoy an ice cream cone, sandwich or cup of coffee.

"Akron Civic Commons was built to work in partnership with our neighborhood residents. Together, we are creating welcoming parks, trails, and public spaces for all, regardless of race, income, gender, education or experience." — CITY OF AKRON COUNCIL PRESIDENT MARGO SOMMERVILLE
